PREDICT SLASH IN NEWSPRINT

News' Subscription Price to Be \$2.00 After July 1

The war production board's newspaper advisory committee is expected to make another 5 per cent reduction in the paper used by the nation's newspapers, with the possibility of the order becoming effective on July 1.

Last December the WPB issued a general limitation order, No. L-240, which the agency's printing and publishing division said was expected to result in a saving of 10 per cent in newsprint consumption of the United States.

But, the WPB said, only about half of that expected saving has been achieved in the first 5½ months of 1943. An additional 5 per cent—if agreed upon by the industry committee—would thus bring total reduction to the 10 per cent figure expected by last winter's order.

News \$2.00 a Year.

That is why it becomes necessary to conserve paper stocks. That is why special editions, which if worthy of the name "special edition," would require extra paper, are out for the duration.

The News' subscription has grown rapidly during the last year, and upon at least three occasions reprints of some editions were required to fill the demand. All those whose subscriptions are in arrears will be removed from the News' list on July 1—and the subscription price will be \$2.00 a year after that date. These are measures made necessary by the shortage of skilled help, and the paper stock situation.

Until the new price goes into effect next Thursday, subscribers may pay from 1 to 5 years in advance at the \$1.50 rate.

Pastor Henslee Off to Conference

The Rev. W. C. Henslee, pastor of the Antioch Methodist church, and Mrs. Henslee left yesterday morning for Chicago where they will attend the 104th session of the Rock River Annual Conference at the Methodist Temple at Washington and Clark streets. The sessions starting yesterday will continue until Sunday night when the conference closes with the reading of ministerial appointments for the district. Bishop Ralph Magee will preside.

The Rock River Conference comprises five districts of the northern third of Illinois and includes about 400 parishes.

Besides the pastor, each church has one lay member of the conference. Antioch's lay member this year is Samuel E. Pollock, with Mrs. Druella Ferris, the alternate. Mr. Pollock plans to attend some of the sessions.

Regarding the pastoral appointments, few changes are forecast, due to war time conditions and to the fact that the local district (Chicago Northern) has lost 12 pastors who have entered service as chaplains.

May Stage Dancing at Legion Carnival

Auxiliary Co-operators in Planning Big Show Aug. 5, 6, 7

An added attraction—dancing—today was being considered by the committee of Legionnaires and Auxiliary members as an extra entertainment feature for the three-day Legion carnival to be held here on Aug. 5, 6, and 7.

The two committees representing the Legion and Auxiliary met Monday night and formulated plans for the event which will offer entertainment for persons of all ages. Under the set-up, the Auxiliary will operate the bingo and hooligan games and the refreshment stands, while the Legion men will look after the rides and other amusement devices, and supervision of the grounds.

Hiring of the Antioch Lions Club big dance platform was in prospect, and arrangements are being made for the installation of a public address system.

One of our every two families have at least two workers. Figure it out yourself how much beyond 10 per cent of your family income you can put into War Bonds every payday.

RATIONING TIMETABLE

June 1—Sugar stamp 13 becomes valid. Good for 5 pounds through August 15.

June 6—Red 1 stamp becomes valid. Good through June.

June 16—Shoe stamp 18 becomes good for one pair of shoes.

June 28—Last day for registering for canning sugar at Antioch Grade school, 10 a. m. to 4 p. m. After this date applications for canning sugar may be made at Ration board headquarters at Lake Villa.

June 30—Last day for second periodic inspection of passenger car-tires for B card holders.

Rue Stamps K, L, and M expire. Red stamp J expires.

Stamp 24, good for 1 pound of coffee, expires.

During next ration period beginning July 1, one pound of coffee per person will be allowed every three weeks.

Antioch To Be Host to County Firemen Monday

The Antioch Volunteer Fire department will be host to the Lake County Firemen's association at the June meeting to be held in Guild hall here Monday night. The meeting will convene at 8 o'clock for the business session, after which there will be speakers and other entertainment features. Refreshments will be served. An attendance of about 150 is expected.

The County association of firemen is made up of about 25 volunteer and paid units in the various cities and villages and some private firemen's groups maintained by the larger industries along the north shore.

State Police Recover Car Stolen in Antioch

State police reported Friday morning the finding of the Buick automobile belonging to F. B. Swanson, that had been stolen here two nights previous. Left in the driveway of a closed service station in Wauconda, the gas tank was empty, fenders dented and the muffler was destroyed, indicating that the car had been driven at terrific speed, policemen said.

Swanson, local theatre owner, had left booking schedules and other papers in the car. These had been placed in the glove compartment by the thieves, Swanson said.

Besides the pastor, each church has one lay member of the conference. Antioch's lay member this year is Samuel E. Pollock, with Mrs. Druella Ferris, the alternate. Mr. Pollock plans to attend some of the sessions.

Regarding the pastoral appointments, few changes are forecast, due to war time conditions and to the fact that the local district (Chicago Northern) has lost 12 pastors who have entered service as chaplains.

Jack Radtke Injured in Parachute Jump

Pvt. Jack Radtke is in the station hospital at Fort Benning where he is recovering from a badly broken leg. Radtke, a paratrooper, was injured in landing while making a practice leap. His right leg was badly shattered, according to word reaching his parents here, Mr. and Mrs. John J. Radtke, of Channel Lake. It is thought that he will be in the hospital for several weeks.

His address is Station Hospital, Ward C-7, Ft. Benning, Georgia.

Soldier Says News Is Tops

Acting Sergeant Jack L. Selb, Army Radio School, Kansas City, Mo., writes: "I have been in the army for nine months and during that time I have had opportunity of reading newspapers from all over the United States, but yours is tops, as it represents friendliness and people who are working together." The News regards that statement as the best compliment it could receive. Thank you, Sgt. Selb. We are trying to do our job in the best way possible, and you may be sure that the most important news we write is the news of the defenders of our country. This war is reaching every family in America, and everyone is anxious to get it over with. . . . Sgt. Selb has been going to radio school for the last few months. It's really a wonderful opportunity, he says, as he has wanted to go to radio school ever since he was in grade school. His friends here wish him the best of good luck.

—V—

JOHN BROGAN IS MADE ARMY MAJOR

Captain John C. Brogan has been made a major in field artillery, according to word received here from field headquarters at Nashville, Tenn. Major Brogan's promotions have been rapid since his enlistment in March, 1941, nine months before Pearl Harbor. First a member of the Reserve Officers Training corps while attending the University of Illinois, he then took a year's additional training in field artillery at Fort Sheridan where he was given a commission as second Lieutenant. Following the outbreak of the war, he was promoted to first Lieutenant, and later was made a captain. He has been instructor in artillery in many training centers throughout the country. His promotion to the rank of major is a well deserved tribute to his ability.

IT'S HOT IN ARKANSAS

Camp Joseph T. Robinson, Ark., Sunday, June 20, 1943

Antioch News:

Just a few lines to let you know I have received the News and I thank you very much. It sure is good to read about everything that has occurred at home.

The weather here in Arkansas is terrifically hot. It has been about 95 to 105 degrees here.

I am learning a great deal here. As you can see I am in the Medical department. I have learned how to dress wounds, etc. I believe this is a great training for anyone to go through. Every week we go on a hike with full pack. Last week it was a 10 mile hike. This week we are to be gone one entire day.

In closing, I thank you again, for I really appreciate the News.

Sincerely yours,

George Sierbenz.

Pvt. Sierbenz during his high school days here was one of the indispensable men on various Sequoyah athletic teams, winning his letters in baseball, basketball, track, football and boxing. In the 1940 boxing tournament he won the championship in the 170 pound class, and retained his crown by defeating a tough opponent in the tournament the following year.

TIME TO DO SOME WEEDING

Leaflets on Canning Victory Garden Crops Offered at Library

Free aids for Victory gardeners and farmers' wives who plan to preserve fruits and vegetables may be obtained in leaflets at the Antioch township Library, Dr. R. D. Williams, Victory Garden chairman, announced today.

The leaflets were prepared by the University of Illinois College of Agriculture and are published and distributed by the Illinois State Council of Defense.

Valuable information as to best canning and preserving methods are contained in five leaflets, titled:

Home Preparation of Fruits and Vegetables for Freezer Storage. Preserving Vegetables by Salting. Canning Vegetables in Steam Pressure Cooker. Winter Vegetable Storage. Canning Fruits, Tomatoes and Pickled Beets in Hot-water Bath.

LUMBERMEN PLAN ANNUAL TOURNAMENT

Ed. F. Vos, Chairman for 32nd Semi-annual Golf-ing Event

Demand for the holding of the annual golf tournament for building material, lumber and coal dealers this week prompted the committee to proceed with plans for the 32nd meeting to be held at the Chain O' Lakes Country club on Thursday, July 15.

Due to war time restrictions the group passed up the fall tournament last year. Later it was decided to hold the event but once a year instead of semi-annually.

It is believed by the lumbermen and material dealers that the interchange of ideas and information has proved to be beneficial in the past, and for that reason they were reluctant to abandon the meetings altogether.

Many men prominent in the building industry in the central states area are serving on the committee which for several years has been headed by Ed. F. Vos, president of the Antioch Lumber and Coal company. Committee members include the following men:

Rush E. Hussey, of the Hussey Lumber company, Lake Villa;

Dan S. Boyer, sales representative Johns-Manville company, Waukegan;

Tom Meade, representative the Rubberoid company, Chicago;

V. B. McKeon, U. S. Gypsum company, Chicago;

Sid Sennott, owner Building Supply company, Chicago;

C. E. Pennington, wholesale coal dealer, Chicago;

Hank Brailsford, wholesale lumber dealer, Chicago;

W. E. Brandt, President LaFayette Coal company, Chicago;

Les Wallack, sales representative Morgan Millwork Co.;

Kyle Davis, vice president Getz Coal co.;

F. W. J. Sextro, representative Carter Coal Co., Chicago and New York.

Mr. and Mrs. Walter Solomon and son, Ralph, are spending their vacation with Mr. Solomon's parents, Mr. and Mrs. F. P. Solomon, at their home in Toronto, Canada, this month.

MONDAY IS LAST DAY TO REGISTER FOR CANNING SUGAR HERE

Local Office to Close—Later Applicants Must Go to Ration Board

Housewives of Antioch community who expect to do canning this summer and fall, Monday will have their last opportunity to make application for cannning sugar allotments in Antioch at the Grade School between the hours of 10 a. m. and 4 p. m., Supervisor William A. Rosing announced today. After Monday, June 28, applicants for cannning sugar will have to apply at the ration board headquarters at Lake Villa, Rosing said.

The supervisor has maintained the local office at the grade school, which has been open on Mondays since May, for the convenience of residents here, but few have availed themselves of the opportunity.

Sugar for canning is being allotted on about the same basis as last year—that is, one pound for each four quarts or eight pounds of the finished product. A top limit of 25 pounds per person is set in the new regulations to be granted only in the relatively few cases where a large amount of fruit will be canned and preserved. Within the 25-pound per person limit, any family can apply for sugar to put up jams, jellies and preserves at the rate of five pounds per individual. This is a more generous allowance than last year, when sugar for preserves was limited to one pound per person.

Murrie Appointed Third Member of Review Board

William L. Murrie of Russell in Newport township has been named the third member of the 1943 Lake county board of review. The appointment was made last week by County Judge Perry L. Persons.

Murrie will serve for a two-year term, succeeding Mrs. I. Simons of Highland Park.

Other members of the board are Chairman Joseph P. Walsh of the county board of supervisors, who is ex-officio chairman of the review board, and John E. Hayes, Sr., of North Chicago.

A Wartime Plague

Into the picture of America at war, on the battle-front, in the factory, and on the home front, has crept a new practice, the very name of which has been foreign to our vocabulary.

Blackmarketeers are a disgraceful adjunct to America's wartime economy. The buying and selling of foodstuffs and other rationed goods for higher than ceiling prices, and the securing of these products through illegal means, all are part of this vicious game.

Every storekeeper who sells his goods without demanding ration points, who sells "special" things which he could not himself buy through regular channels, is patronizing the blackmarketeer, and putting the customer who buys from him in the same class.

It is the duty of every patriotic American with friends and relatives at the fronts, to stamp out blackmarketeers by refusing to patronize them directly or indirectly. Blackmarketeers are the manifestations of individual selfishness, and refusal to make necessary sacrifices.

If the armed forces can do without comforts, if industry can work night and day, the rest of us can do with a little less now, so everyone will have more later.

Wanted—Freedom to Make Jobs

Calling attention to the concern of our fighting men for the conditions that will confront them when they return from the wars, a prominent industrialist recently made this statement:

"It is already obvious," he said, "that when peace

WILMOT

Three birthday anniversaries and Father's day were celebrated by the John Sutcliffe family on Sunday at a dinner given at the family home. Mr. and Mrs. John Sutcliffe, Jr., and family of Kenosha, Miss Georgia Dayton and friend, Nancy, from DeKalb, Ill., Mrs. Kenneth McEwen and her father, John Sutcliffe, Sr., of Forest Park, Ill., and Mrs. Charles Sutcliffe of Berwyn all attended the anniversary dinner.

The birthday anniversary of little Robert Tilton was celebrated along with Father's day at a family dinner given at their home in Burlington. The grandmother, Mrs. Viola Sherman, accompanied the paternal grandparents. Mr. and Mrs. Clem Tilton, Sr., of Richmond, and George Hyde and Mr. and Mrs. Ray Button helped to celebrate the occasion.

Mrs. Floyd Menier and son attended the marriage ceremony of her cousin, Miss Mildred Murdoch, to Dr. Norman Becker of Cleveland, Ohio. The wedding was held in the Bristol church at five o'clock Saturday evening.

Mr. and Mrs. Frank Krueckman spent the day Sunday at Crystal Lake and visited at the homes of Mr. and Mrs. Earl Hyde and Mr. and Mrs. L. H. Cole.

E. E. Stone and son, Leslie, of Woodstock called on their cousin, George Hyde, Sunday evening.

Mrs. Paul Voss and son, Darwin, were Sunday visitors at the home of Williams Elfers in Richmond.

Mr. and Mrs. W. Cole entertained at a dinner Sunday for Mr. and Mrs. Ernest Stern and baby and Mr. and Mrs. A. C. Reynolds of Beloit.

Raymond Stoxen, Sr., who is employed at Harvey, Ill., spent Sunday with his family in Wilmot.

Mr. and Mrs. Webster Blackman and daughter, Joan, have left the John Blackman, Sr., farm and have moved to Chicago.

Mr. and Mrs. John Blackman entertained during the week-end and on Sunday for the following: Mr. R. H. Sykes of Springfield, Ill.; Mr. and Mrs. Russell Soddy and son, James; Mr. and Mrs. Paul Miller and Miss Genevieve Madison of Kenosha; Mr. and Mrs. J. Johnson and Mr. and Mrs. A. Congonka of Chicago.

Mr. and Mrs. Paul Ganzlin accompanied by Mrs. Russell Schmidfeldt and Paul Schmidfeldt of Kansaville motored to Madison Sunday to visit Doris Ganzlin at the Madison General Hospital.

Mr. and Mrs. Edward Boudin from Edison Park, Ill., visited Mr. and Mrs. Paul Ganzlin at their home on Saturday evening.

Mrs. Elmer Stenzel and sons spent the day Sunday with Mr. and Mrs. Nick Fassl at Salem.

S. 2/c Lawrence Bauman from Great Lakes Naval Training Station spent the week-end at the home of Mr. and Mrs. George Higgins.

Donald Johnson and Henry Johnson of Chicago who are completing their training in the U. S. Signal Corps, spent the week-end with Donald's mother, Mrs. J. Johnson.

Mrs. Edith Faulkner spent the day Sunday at the home of Mr. and Mrs. Walter Harrison at Ringwood. On Thursday, Mrs. Faulkner visited at the home of Mr. and Mrs. Sidney Brueh in Elmhurst.

Rev. and Mrs. R. P. Otto and children spent Sunday afternoon and evening in Winnetka at the home of the Rev. and Mrs. C. A. Otto.

On Sunday, June 27, Holy Communion will be celebrated in two services, English and German. The German service begins at 10:00 A. M., the English at 7:45 p. m. There will be no English worship in the morning.

Miss Jayne Pastell of Winthrop Harbor, Ill., is spending this week at

comes the nation will have more trained workers than ever before. This will not necessarily mean that the home-coming soldiers will out-muscle millions of willing workers. If industry is permitted to grow and expand the American way, and to attempt to make and to distribute and sell all the things that the people will want, there will be work not only for the people who are presently employed but also for the men who will be coming back."

* * *

Politics and Taxes

The American people are familiar with the Roosevelt Administration's talent for spending and waste.

Now, out of the pay-as-you-go tax fight, we have learned more about the same Administration's lack of talent for constructive action. The New York Times, at the height of the tax issue, said it had become a question "whether or not our government is functioning responsibly."

And Senator Walsh, veteran Democrat, warned his party colleagues that failure to legislate would be "a confession of our incapacity to govern."

Biting as deeply, however, as "incapacity to govern," the blocking by the New Deal and President Roosevelt personally of the pay-as-you-earn tax plan again showed a willingness to play politics with serious war business. The shadow of the 1944 elections and the Fourth Term ambitions again fell over Washington.

The pay-as-you-go program, growing out of the Rum plan, was a Republican measure. It was designed to take our millions of taxpayers out of debt to the government without lessening the revenues of the Treasury. Thousands of letters poured into the Capital urging its enactment. Newspaper opinion was approving.

But it was not a New Deal measure.

So the New Deal, still with no real tax plan of its own, fought and fought and finally called upon the President himself to use the prestige of the White House to defeat the will of the people.

Thus does the mantle of the "indispensable man" turn to shreds. Thus does "The Times" wonder if government is "functioning responsibly."

Three birthday anniversaries and Father's day were celebrated by the John Sutcliffe family on Sunday at a dinner given at the family home. Mr. and Mrs. John Sutcliffe, Jr., and family of Kenosha, Miss Georgia Dayton and friend, Nancy, from DeKalb, Ill., Mrs. Kenneth McEwen and her father, John Sutcliffe, Sr., of Forest Park, Ill., and Mrs. Charles Sutcliffe of Berwyn all attended the anniversary dinner.

GEARED FOR VICTORY

SALEM

Mrs. Arthur Hartnell, Mrs. Arthur Bloss accompanied Mrs. Paul Vega-Siky of Paddocks Lake to Burlington Wednesday afternoon to attend the Garden club.

Mrs. A. C. Stoxen has returned to her home here after spending the past few weeks with her daughter, Mrs. G. C. Dorwin at Wauconda, Ill.

Mrs. Frank Schmidt and Mrs. Henry Frantz and son, Henry, spent Thursday with Mr. and Mrs. Walter Schmidt of Genoa City.

Mrs. Alfred Schmidt spent Thursday in Kenosha.

Mr. and Mrs. E. H. Hartnell and daughter, June, spent Monday at Madison.

Mr. and Mrs. Kaddatz, Mrs. Ervin Kaddatz and daughter, Sandra, and Mrs. Marvin Kaddatz called on Alfred Schmidt Thursday.

A number from here attended the funeral of Mrs. Helen McViver Saturday afternoon.

Mrs. Fred Stephens and daughter, Grace, and Miss Olive Hope attended the "Dorothy Ann Dance Revue" Friday evening.

Mrs. Florence Bloss spent the week-end with her parents, Mr. and Mrs. Arthur Bloss.

Mr. and Mrs. William Krahn and Mr. and Mrs. William Machen of Burlington visited Mr. and Mrs. William Krahn, Sr., Sunday.

Mr. and Mrs. Walter Irving and son of Kenosha spent Sunday with Mrs. Jepson.

Mr. and Mrs. Alfred Schmidt and sons, Mr. and Mrs. R. Haekhart attended the wedding of Miss Doris Kirchner, at the Lutheran church at Bristol Sunday afternoon.

Mr. and Mrs. Byron Patrek spent Sunday afternoon with Mrs. Gertrude Davis and family of Bassett.

Feed Young Calf

After a calf arrives proper feeding is paramount. A simple, four-point program will safeguard its health through babyhood: (1) Feed the dam's milk for the first four days; (2) Do not overfeed with milk or concentrates; (3) Use only clean and sterile pails for milk feeding; (4) Feed fresh sweet milk at a constant temperature of 98 degrees F., and at regular intervals.

Butane in Natural Gas
 More than 100,000 barrels a day of normal butane, for use in synthetic rubber making, is available from natural gas.

LAKE VILLA

Elmer D. Bray of Buena Park subdivision is a patient at St. Therese hospital. His daughter, Mrs. Virginia Whitecomb, of New Orleans, came last week to spend a few weeks with her parents.

Mrs. Cecile Blumenschein went to Merrillan, Wis., last Thursday to help care for an aunt who is very ill. Mr. Blumenschein came home the first of the week from the hospital and is doing very well.

Mrs. Loraine Ellis left Friday for Boston to join her husband who is training for the Navy there. Her mother, Mrs. Hooper, is caring for her small son during his mother's absence.

Mrs. Ruth Snelling, nee Gottschalk, who has lived in Florida for the past three years, and has been teaching there, is a guest of her friend, Mrs. Frank Richards for a while. She will attend summer school in Chicago during her stay.

Mr. and Mrs. George Pollard, George, Jr., and Marilyn left Saturday evening to spend a week with friends at Tomahawk, Wis.

Mrs. Fred Hamlin entertained her Sewing club at a 12:30 luncheon at her home on Tuesday and Mrs. Perry of Antioch was a pleasant visitor.

The Rev. John De Vries, the new pastor assigned to Lake Villa Community church, will be present to conduct the morning worship service next Sunday, so come out and encourage him by your presence.

The Woman's Society of Christian Service will sponsor a home bakery sale at the Peterson store on Saturday morning, July 3. If you care to give an order for that day, call Mrs. Helen Fish, 2237. Mrs. Lottie Barnstable and Mrs. Neil Reidel will assist on the committee.

The Red Cross work room on Cedar avenue will not be open on Mondays or Fridays as it has been, but will be open Thursday from 9 a. m. to 4 p. m. and on Tuesday evenings from 7 to 9. The work is much needed and it is hoped that many more may be able to come some time during Thursday or on Tuesday evenings. These dressings are needed by our boys.

The W. S. C. S. has set Thursday, July 29, as the date for the annual summer sale of rugs, aprons, fancy-work and quilts at the Village hall, so please mark your calendar for that date and plan to attend.

Mrs. Carl Seeger spent a few days last week for observation and treatment at Victory Memorial hospital and is improving. Her daughter, Mrs. Alice Slater, and son from California came Sunday to spend a few weeks with her parents.

Joseph and Rose Borovicka, proprietors

JOHN'S COUNSEL TO CHRISTIANS

LESSON TEXT—II John 4:11; III John 6:12.

GOLDEN TEXT—Beloved, I pray that in all things thou mayest prosper and be in health; even as thy soul prospereth.—III John 2.

Christians need guidance, especially in their home and church relationships. The apostle John, under the inspiration of the Holy Spirit, wrote the two personal letters known to us as II and III John. They abound in sound spiritual, practical advice. Note that these two words belong together, for what is truly spiritual cannot help but be tremendously practical and perfect for the direction of thought and life.

In these letters five admirable lessons are taught. Let us give heed to them. They are appropriate to our day.

I. Set an Example Before Your Children (II John 4:6).

We may not like to admit it, but our children are largely what we make them by their training—or lack of it—in the home. Parents have the grave and at the same time precious responsibility of being what they want their children to be. We set the mold of their thinking and acting, not only about material things, but mentally and spiritually, which is far more important.

Above all we must teach them by precept and example to love God supremely, and to walk after His commandments. Father, mother, have you done your duty? Are your children "walking in truth" (v. 4)?

II. Be on Guard Against False Teachers (II John 7:11).

We are not to countenance false teaching even by entertaining such teachers, or having close fellowship with them. To create the impression before the world and the Church that they are "not so bad" by appearing as their friends, is to partake of their evil works (v. 11). This is a serious matter, and one which is a problem in the Church today.

Such teachers may easily be recognized. They are aptly described by Dr. Douglass: "In all ages the Church has been plagued by those who want to substitute something for pure Christian faith, or to embroider it with bright ideas of their own concoction. Such people may try to strip religion of its supernatural aspect and reduce it to a merely rationalistic system. They may seek to slyly loosen the moral standards of the Church because their own lives are defiant when measured by such standards. They may try to minimize the teaching of the cross because it stands for sacrifice." Watch against them, and stand against their destructive teaching.

III. Be Diligent in Putting Forward True Teachers (III John 5:8).

The door which should be closed against false teachers should be opened wide to those who are faithful teachers of the truth.

This refers primarily to the hospitality of the home, and reminds us of a grace which has been all but forgotten in these days of small apartments.

Whether we are able to open our homes to God's servants or not, we can show a Christian spirit of genuine hospitality in helping to bring them forward (v. 6) in their work. This may be done by gifts of money, by kindness shown in time of need, by a real interest in their work, by recommending them to others who wish to hear the truth.

Do everything possible, then, to hinder the false teacher, and be just as diligent to put forward the ministers of the true man of God.

IV. Do Not Trust Proud, Self-Seeking Leadership (III John 9:11).

A man may be orthodox, and intensely loyal to the denomination, and at the same time be a wicked man whose example is to be shunned. No word is said against the teaching of Diotrephes. He was not condemned for being careless about the affairs of the church, or unfaithful in his attendance and devotion to its interest as he saw them.

The sin of Diotrephes was pride, a desire to be the boss of the church, "No. 1 man" in its affairs. Lacking the true spirituality which always results in humility, he opposed the apostle. Not only did he refuse to receive him, but used pressure on others who were willing to be hospitable.

V. Emulate the Life of the Man of Good Report (III John 12).

A good man! No words of praise could possibly surpass such an estimate. The world is full of brilliant, skilled, wealthy and prominent people, but there is an appalling dearth of good men and women.

How refreshing to meet, and how delightful to know, such a man—such a woman. Like Demetrius, they have not only the witness of the Church, and of the truth, but also of "all men." But last week we said the world hates real Christians. It does, but it also respects them, and is forced to bear witness to their reality and goodness.

Professed fellowship with God in Christ which does not result in goodness of life may well be scrutinized.

TREVOR

Mr. and Mrs. M. Johnson with friends from Arlington Heights were Saturday visitors of Mrs. Johnson's parents, Mr. and Mrs. A. J. Baethke. On Sunday their son and wife, Mr. and Mrs. Walter Baethke and daughter, Mrs. Irving Walsh of Antioch, called.

SOCIETY EVENTS

Bridal Couple Leaves For California Camp

Staff Sgt. Hawkins Takes His Bride to New Assignment

Following their marriage here Saturday, Staff Sergeant Orville Hawkins and his bride, the former Marguerite Kufalk, left Sunday for California, where the Sergeant was called to his new assignment at Camp Beale.

The nuptial ceremony was performed by the Rev. W. C. Henslee at the home of the bride's brother, Mr. and Mrs. E. W. Kufalk, at 7 p. m.

The couple saying their vows under an arch of rose petals. The bride was given in marriage by her brother, Roy J. Kufalk. The flower girl was Miss Ruth Kufalk, niece of the bride, and the ring bearer was Frederick Rickert, of Grayslake, nephew of the bridegroom. The bridal couple were attended by Mrs. Lyle Loftus and Clarence Kufalk.

The bride wore a gold colored suit, and her flowers were orchids, while the matron of honor wore an aqua suit and a corsage of gardenias. The mother of the bride was attired in flowered crepe and had a corsage of roses. Mrs. E. J. Hays sang "I Love You Truly," and "Just You." Mrs. E. W. Kufalk played the wedding march.

Following the wedding ceremony, dinner was served to the guests at the Golden House, and a reception for 70 persons was held at the home of Postmaster and Mrs. Roy J. Kufalk.

** * *

MR. AND MRS. JAMES CELEBRATE 50TH WEDDING ANNIVERSARY

Mr. and Mrs. J. C. James celebrated their fifty-fourth wedding anniversary and Father's day with a dinner at their home on Orchard street Sunday. The guests were Mr. and Mrs. Ralph James and family, Mrs. Louise Gilbert of Chicago, and T. Sgt. Edward Gilbert of Wendorf, Utah. Mr. and Mrs. James were presented with a beautifully decorated wedding cake and many other gifts from the group.

The seventh annual Reunion of the J. C. James family will be held Sunday, June 27, at Milwaukee. The first J. C. James came from England and settled in Milwaukee in 1836, later he purchased a farm west of Fox River, near Antioch in 1852. The farm is still owned by the James family.

** * *

ANTIOTH HOME BUREAU ENTERTAINED AT WELLS HOME

The Antioch Unit of the Home Bureau met at the home of Mrs. Curtis Wells Wednesday afternoon, with Mrs. Bert Doolittle as co-hostess.

Mrs. Helen Volk, County Home adviser, gave an interesting lesson on "Home Care of Rugs, Rug Cleaning and Repairing."

Mrs. John Heich presented the Unit with a lovely luncheon set, which was made in China, and when disposed of, the proceeds will be given to China Relief fund.

The county president, Mrs. Earl Barron, and her guest, Mrs. Pearl Pester, of Grayslake were guests at the meeting.

The Antioch 4-H and Cedar Lake 4-H girls will be guests at the next meeting of the Unit to be held at the home of Mrs. Bertha Winship, July 21, at her home at Fox Lake.

** * *

PAST MATRONS ENTERTAINED AT TRIEGER HOME THURSDAY

Mrs. Bessie Trieger and Mrs. Myrtle Klass entertained the Past Matrons club at the home of Mrs. Trieger Thursday evening. Sixteen guests were present. Bridge was played during the evening and a luncheon served later. Prizes were awarded to Mrs. Eleanor Mitchell, Mrs. George Kuhaupt, Mrs. Selma Trieger and Mrs. Maud Sabin.

** * *

LEGION AUXILIARY TO HOST MEETING FRIDAY

A regular social meeting of the American Legion Auxiliary will be held at the home of Mrs. Ernest Glenn, 966 Spafford street, Friday evening. Assisting Mrs. Glenn on the committee are Mrs. Maud Hurlen, Mrs. Eva Kaye, Mrs. Floyd Horton and Mrs. Rosabell Anderson.

** * *

HOSTESS TO BRIDGE CLUB MEMBERS

Mrs. Bessie Trieger entertained the members of her bridge club at her home Tuesday evening. Four tables of bridge were in play. A luncheon was served following the games.

** * *

Miss Cornelia Roberts is spending the summer at the home of her parents, Mr. and Mrs. H. S. Roberts, at Lake Marie. Miss Roberts will return to Moulton College, Toronto, Canada, in the fall as Dean of Residence. She will have charge of registration at the school for two weeks in August.

** * *

Mr. and Mrs. E. O. Hawkins and Mrs. Edith Elms spent Tuesday in Chicago and called on Mrs. Anna Schreve, who has been ill for the past few days.

SGT. OTTO PALASKE HONORED AT DINNER PARTY

Mrs. Julia Palaske, 904 Spafford St., entertained at a dinner party Sunday, in honor of her son, Sgt. Otto Palaske, who spent a thirteen-day furlough with her here. Guests at the dinner were Mr. and Mrs. Joe King and Mr. and Mrs. Joseph Koukol of Chicago, Mr. and Mrs. Frank Podboy of Waukegan, Mrs. John Wendt and family of Richmond, Miss Una Nelson of Trevor and Miss Laura Nolot and Leslie Davis of Antioch.

Sgt. Palaske also was entertained at dinner at the home of Mr. and Mrs. Ernest Brook, Thursday evening and on Friday was the dinner guest of Mrs. Addie Zimmerman and Mrs. Blanche Keifer at their home on Main street. Sgt. Palaske left Monday to rejoin his company in California.

METHODIST WOMEN HOLD MEETING TODAY

The Women's Society of Christian Service of Antioch Methodist Church held its regular monthly business and social meeting today (Thursday) at 2 p. m. in the home of Mrs. Robert Dewes, three miles east of Antioch.

Mr. and Mrs. Bert Dickey attended the celebration of the tenth wedding anniversary of Mrs. Dickey's nephew and wife, Mr. and Mrs. Glen Pfeifle, at Oak Park, Sunday. Mr. and Mrs. Charles Hostetter and daughter, Leona, and their son, Pfc. Charles L. Hostetter of Faragut, Idaho, also attended.

Mrs. Bessie Trieger left Antioch Wednesday for Norwood Park, where she will spend a few days with her daughter, Mrs. Dan Nugent and family. She expects to accompany Mr. and Mrs. Nugent and family to Grafton, Ill., where they have large orchards of cherry, apples and other fruit.

Mrs. Donald Gibbs returned home Wednesday from St. Therese hospital where she underwent a minor operation. Mrs. Robert Gibbs of Richmond is spending a few weeks at the Gibbs home and is caring for the children.

Mr. and Mrs. Edward Druhob and sons, of Waukegan were guests of Mr. and Mrs. E. W. Kufalk Sunday.

Early Morning Ceremony Unites Couple at St. Peter's

Mrs. Thekla Schelbe, 315 Ida ave-
nue, was married Saturday to Mr.
Roy Seitz of Waukesha, Wis. The
Rev. F. M. Flaherty performed the
ceremony at St. Peter's church at 7:30
in the morning.

Miss Bessie Schelbe, daughter of the
bride, was bridesmaid. Jay Merchant of
Waukegan was best man.

The bride wore navy blue and
white and her corsage was of orchids.
Her bridesmaid was in navy blue and
white and her flowers were gardenias.

The bride has made her home in
Antioch for the past thirteen years
and for the past eight years has been
supervisor at the Illinois Bell Telephone
office in Antioch. The bridegroom is
engaged in cattle raising at Twin Lakes, Wis., where the couple
will make their home.

A wedding breakfast for the guests
was served at 11 o'clock at Hazel-
man's Libertyville Inn.

The couple are spending their
honeymoon in the south.

"Lake Region" Unit of Home Bureau Organized

A new Home Bureau unit was or-
ganized at the home of Mrs. Homer
White on Route 173 on Wednesday
evening, and chose the name of "Lake
Region" unit. Officers chosen were:
President—Mrs. Robert Runyard, Jr.; vice president—Mrs. Homer
White; secretary—Mrs. Roy Crichton; recreation chairman—Mrs. Robert M.
Panzer.

The lesson, "Rugs, Their Care and
Cleaning," was given by Helen John-
son Volk, county home adviser.

Members turning in their member-
ship cards at the meeting were: Mrs.
White, Mrs. Runyard, Mrs. Panzer,
Mrs. Crichton, Mrs. Morris Bown,
Mrs. Robert Girard, Mrs. Frank B.
Grenus, and Mrs. M. C. Cain. Two
members not present were Mrs. Rob-
ert Mann and Mrs. Harold Kelly.

Visitors were Mrs. Walter Forbrich
and Mrs. Chris Poulsen.

The next meeting will be held
on July 21 at the home of Mrs. Roy
Crichton. Special guests will be the
members of the 4-H club of which
Mrs. Crichton is leader, and their
mothers.

** * *

Mrs. Sine Laursen, Mr. and Mrs.
Lester Nelson, Mrs. Vera Rentner and
Mrs. Ellie Nelson were dinner guests
of Mr. and Mrs. Raymond Laursen at
their farm home at Rosecrans Sunday.

Mr. and Mrs. Laursen recently
purchased the Ames farm at Rose-
crans.

News of the Boys...

(continued from page 1)

the military forces in Alaska. He is Pvt. Morris P. Verkest, coast artillery. Many Antioch boys have expressed themselves as being appreciative of the efforts being made in their home communities to aid the war effort. They have read with interest the list of sponsors who co-operate in promoting the various war time drives here. This week it's the blood donor announcement to which are appended the names of 27 sponsors.

Pvt. Verkest gets the News and he sends thanks to the people of the community "for the fine work you are doing for us fellows in service."

—V—

Service Men's Cars

Car owners who enter the armed services and leave their cars behind them should execute a power of attorney, according to the Priorities Information Bureau of the Chicago Motor club.

Unless such arrangements are made, according to the Bureau, the person whose "control" the car is left will be unable to sell it, renew gas ration allotments, buy licenses, or transact business in connection with insurance and claim settlements involving the automobile.

The power of attorney will authorize the person named by the owner to act in his place and is of special importance in case the car owner is sent overseas, where there may be a delay in reaching him.

—V—

William D. Anderson, son of Mr. and Mrs. William J. Anderson of Highland Park, has been ordered to active duty as an apprentice seaman in the U. S. Naval Reserve, under the Navy College Training program. William will enter Newberry College at Newberry, South Carolina, July 1. The Andersons are former residents of Antioch, and young "Billy" attended school here for several years.

—V—

T. Sgt. Eugene E. Doyle, now on furlough and visiting at the home of his mother, Mrs. John Doyle at Chancery Lake, made the trip from Panama by airplane to Texas, then by train to Chicago. He arrived here Sunday.

—V—

Pfc. Charles L. Hostetter, Farragut, Idaho, is spending a furlough here with his parents, Mr. and Mrs. C. Hostetter.

—V—

Wm. Walker Receives Commission
Will Rogers Field, Okla., June 21, 1943. Second Lieutenant William M. Walker, son of Mr. and Mrs. William Walker, Sr., Lake Villa, Ill., reported to this army air force bombardment base June 8, for duty as a pilot, the War department has announced.

He received his commission March 20 at Brooks Field, Texas.

Lieutenant Walker graduated from Antioch Township High School in Antioch.

Before entering the army, Lieut. Walker was a partner in a contracting firm at Lake Villa.

—V—

Pvt. Ervin O. Rus writes from England: Just a few lines to let you know my address has been changed. I am still receiving the Antioch News over here in England, and it is good to read about all the things that are going on back home. I want to thank you once again for sending me the good old Antioch News. . . . Pvt. Rus confides that he is married to a sweet girl from Lakeland, Fla., and that they are expecting the stork just before Christmas. . . . Ervin says "best of good luck to all the folks back home."

—V—

Pvt. Harold P. Christensen sent change of address, being now located at Camp Orsi, Cal., and says thanks to the News, the Legion aid to Louie Nielsen for work on the home front.

—V—

Aux. M. J. Tinker is now located at Camp Blanding, Florida.

—V—

How avidly service men away from home seize upon news from home was told last week in a letter received by Miss Betty Meyers from a cousin, Pfc. Leroy J. Laibaha, who is serving abroad. Says Pfc. Laibaha: "Just a word to let you know that I received the papers—thank you loads. Now I'll have something to read during my leisure time. When I am through with them I'm going to pass them on to a fellow who used to visit Antioch quite a bit before he came into the army."

—V—

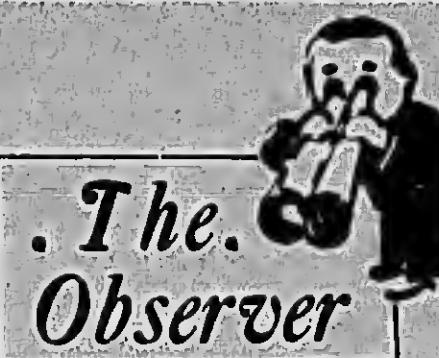

Service banners are still available at the Antioch News office. All families who have men in the armed units are entitled to one for each boy in service. They are free, of course.

—V—

Say, fellows, how about reporting at the News office when you are home on leave? With nearly 400 men in service from this area we have a little trouble keeping track of the going and coming of service men. Russ Barthel and other boys about town used to be quite a help to the News in this way, but now they are gone and with others leaving week after week the task of knowing who's who becomes more difficult. The boys, especially those overseas, like to read this news.

Are you fighting mad about this? . . . Does it mean anything to you personally? Then dig down and buy more and more War Bonds.

—V—

The New Deal has made the American farmer the world's prize guinea pig.

OO

Irvin S. Cobb, the famous humorist, recently was quoted as saying that if he had to go crazy, he would rather do it in Washington than any place else, for no one would notice it.

OO

Special Edition?

Special edition? Certainly; every issue of the Antioch News is a "special edition." Special in reader interest; special in results to advertisers; special in its promotion of the war effort to hasten the end of the conflict.

"Special editions" as such, are out for the duration of the war. The newspaper's patriotic task is to serve its community; conserve the materials it uses, and to spare its patrons every useless expense. That is the policy of the News. Legitimate advertising, of course, is necessary to the healthy progress of a community and its institutions. Such advertising when placed in well established publications always produces results.

"Special editions" at this time, when materials are scarce and when citizens generally are saving cash to buy war bonds and stamps, not only are out of place but they would serve no worthy purpose, least of all a patriotic purpose. The Antioch News, instead of using extra paper for any such venture, prefers to print extra copies of its regular edition to send to the men in service.

The News believes that our citizens have far greater use for their cash than to spend it for worthless advertising, publicity schemes, or "pop-gun editions" designed for the sole purpose of benefiting the promoter. Don't be deceived—such schemes are not promoted in the name of patriotism. Let's get on with the war.

OO

Elmer's No Plker

The Office of War Information, under Elmer Davis, is requesting \$47,000,000 for the coming year, as compared with \$36,000,000 for the current year. In World War I, George Creel, then head of the Government information agency, spent \$4,500,000 over a two-year period.

Now Elmer threatens to quit because congress trimmed the appropriation so as to exclude funds for domestic propaganda (for the fourth term, of course).

OO

Thursday's "Special Edition"

Last Thursday's edition of the News was an average issue. Its eight pages carried 244 news stories, items and editorials, and in them mention was made of 554 persons, most of whom are your neighbors. There were five news stories and five advertisements relating to war time activities. More than two full columns were devoted to letters from men in military service and other items about the defenders of American freedom.

Ninety-two advertisers bought space in the paper to carry their business messages to the News' great army of readers.

And not to be overlooked is the fact that the paper went to 1,616 cash customers. This means that counting three readers for each copy, about 5,000 persons read the columns of your local newspaper last week, a circulation far greater than all other newspapers entering the area.

OO

Thousands of small businessmen forced to close shop because of "New Deal bungling" have one asset left: They can still vote.

OO

Censorship can not only serve to keep information from the enemy but also to cover up the blunders of the Administration.

OO

Administration hand-out men can't understand the independence of the American farmer. He refuses to take money for doing nothing. That's the New Deal psychology—give 'em a small hand and shove 'em around.

Reminds us of the time a politician told his pals he'd handle the Antioch News alright. Said "handling" showed up in the form of a small order for printing. The News took the job at a good price and still raised hell. Maybe that's the way the farmers feel about the hand-outs.

OO

No person should be employed by our Government to administer its laws or to carry out its functions in war or peace who does not wholeheartedly subscribe to our way of life and our system of constitutional representative government. —Rep. Joseph Starnes (Dem.) of Alabama.

And who has the least confidence in our democracy? Why, the New Deal, of course, from the White House down. What has become of a government of the people, by the people and for the people when there is only one man who can run it?

OO

Put every dollar above the necessities of life into War Bonds. Payroll Savings is the best means of doing your best in helping your sons and friends on the fighting fronts. Figure it out yourself.

31 tablespoons of
used kitchen fat con-
tains enough glycer-
ine for a pound
and a half of gun-
powder. Turn in for
war use every drop
of fat you can eat.

Up Your Savings

JAPS EXECUTE DOOLITTLE MEN

WELL PAY YOU BACK
TOJO
if it takes our last dime!

BUY MORE WAR BONDS

There will be American justice for the savages of Tokio but our trial and punishment of Tojo and his criminals will cost blood, sweat, toil and tears and money. You can supply the money by upping your war bond buying through the payroll savings plan. Figure it out yourself, and see where the money is coming from. How much does it cost you and your family to live each month? How much money is coming in from all members of your family? Put the extra money into war bonds, every penny of it. Let 10 per cent be only the starting point for figuring your allotment.

U. S. Treasury Department

WELL FEEDING TIPS

Save on Food Budget
With Domestic Rabbit

Many women are pleasantly surprised when they serve domestic rabbit meat for the first time. They're pleased too when they find what a budget saver it is.

With not enough meat to supply home demand and still provide "fighting food" for our armed forces and allies many folks are raising domestic rabbits in their back yards, and are finding them a delicious addition to the family diet.

We are indebted to the Purina Chow Merchant of our town for the following facts about this increasingly popular Victory Food:

The meat of domestic rabbits, unlike that of the wild rabbit, is just as good in hot weather as in cold.

Only 8 percent of a dressed domestic rabbit is bone, and there is very little other waste. Actually, about 82 percent of a dressed rabbit is edible. This high percent makes domestic rabbit an economical meat to serve.

Domestic rabbit meat is high in calories. Analyses by the Bureau of Animal Industry of the Dept. of Agriculture show an average of 855 calories per pound.

Domestic rabbit meat is all white, wholesome, tender, fine-grained and has a flavor generally considered delicious.

Charcoal Saves Gas

The use of charcoal burning power plants for automobiles has proved a tremendous help to the war effort in Australia. In New South Wales alone, charcoal burners saved 13,000,000 gallons of gasoline in the past year. Farmers of the state have been asked to build a reserve of 320,000 bags of charcoal by September, to take care of the increased demand.

File Rabbit's Teeth

Overgrown teeth are usually caused by the rabbit breaking one or more front teeth by pulling at the wire of the hutch. The others grow long because there is no grinding surface opposite to them. Cut them off with side cutter pliers and file them so that they make a good fit with the opposing teeth. This may have to be done repeatedly, so watch the rabbit's mouth.

He Also Serves

Cut in Taxing Units
Could Be War Boon

Illinois can benefit from the war if the emergency results in forcing tax cuts by reducing the 16,000 overlapping political units in the state, forcing them to budget, and forcing an improvement in the state's tax methods, in the opinion of Prof. M. H. Hunter of the University of Illinois. He is a national authority on problems of government finance.

"The State of Illinois includes 15,000 or 16,000 separate political jurisdictions—a number which no other state approximates," says Hunter. A study of the political units of the state, to determine whether reorganization, combination, and elimination might not result in greater economy seems amply warranted.

"There should also be careful investigation of the number and capabilities of state employees," he says. "A 'padded' payroll can never be justified, but it is unpatriotic in such times as these."

Turning to the topic of "expenditure controls," budgeting, accounting, auditing, and centralized purchasing — Hunter remarked that "Emergencies in the affairs of business concerns have sometimes been blessings in disguise in that they have forced the adoption of these devices. If the present emergency compels us to realize that the political units of Illinois have made less use of these controls than any other state, we may profit by the experience."

The meat of domestic rabbits, unlike that of the wild rabbit, is just as good in hot weather as in cold.

Only 8 percent of a dressed domestic rabbit is bone, and there is very little other waste. Actually, about 82 percent of a dressed rabbit is edible. This high percent makes domestic rabbit an economical meat to serve.

Domestic rabbit meat is high in calories. Analyses by the Bureau of Animal Industry of the Dept. of Agriculture show an average of 855 calories per pound.

Domestic rabbit meat is all white, wholesome, tender, fine-grained and has a flavor generally considered delicious.

Build Ships in Assemblies

Liberty shipyards in reality have the longest assembly line in the world. Mostly, the yards prefabricate and assemble. This means that materials come from hundreds of plants in the allied marine industry and equipment also comes from many remote places. Delay in the delivery of any essential item will effectively hold up the delivery of a ship that is vitally needed.

Attack Sales Tax

Income, sales and chain store taxes are among state levies whose constitutionality has been attacked most often. Chain store taxes, although fewest in number, have been invalidated most often, income taxes have been litigated in the most states, while sales taxes have been declared unconstitutional in the fewest.

Ships Stocked With Foods

Twenty tons of food are carried on every Liberty ship, enough to last the crew of 63 for a six-month voyage. To provide over 34,000 man-sized meals requires, among other items: 8,500 pounds of meat, 12,500 pounds of vegetables, 6,000 pounds of cereals, 5,000 pounds of dairy products, 1,500 pounds of fish—other items in proportion.

File Rabbit's Teeth

Overgrown teeth are usually caused by the rabbit breaking one or more front teeth by pulling at the wire of the hutch. The others grow long because there is no grinding surface opposite to them. Cut them off with side cutter pliers and file them so that they make a good fit with the opposing teeth. This may have to be done repeatedly, so watch the rabbit's mouth.

Protects Pigs

If farrowing pens are equipped with guard rails and are well bedded with litter, the little pigs are not apt to be injured.

500 Convicts Help

Mail Ration Book 3

A threatened delay in mailing out new ration book Number Three to downstate Illinois residents is being overcome through prompt action of Governor Dwight H. Green in arranging for five hundred of the convicts at Stateville penitentiary to help with the work. The convicts, who volunteered for the job, will be busy for several weeks filling out the ration books and placing them in envelopes ready for mailing. Experts from the post office department and the OPA are at the penitentiary to oversee the task.

The services of the convicts are expected to make it possible for the OPA to get 3,500,000 books mailed to downstate Illinois addresses before the coupons in book One and Two expire.

AMERICAN LEGION REPORTS

So much confusion is being experienced in ascertaining the reasons for the discharge from the military and naval forces of uniformed men and women of World War II that the American Legion is asking the War and Navy departments to give definite facts on the certificates of discharge. For future reference the Legion asks that the discharge certificate show whether the holder actually was assigned to active duty and also whether the discharge is being given because of age, physical defects, or for other reasons.

Condemning those individuals and groups who by defying the Government may retard the war effort, the American Legion asks that where labor or management, by their actions, appear to consider themselves above the nation, those responsible be considered as guilty of treason. The Legion asks Congress to set up a system of punitive measures.

WEEKLY NEWS ANALYSIS

Mediterranean Victories Prepare Way For New Allied Campaign Against Axis; Essential Production to Be Increased By Simplification of Consumer Items

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Released by Western Newspaper Union

Under the watchful eyes of U. S. guards, Axis prisoners march in internment camp in Camp Atterbury, Ind. Since fighting in North Africa, many of these camps have sprung up throughout the country, the average concentration holding 2,000 prisoners and 500 American troops. Prisoners of war are treated under rules of an international convention.

MEDITERRANEAN: Eyes Turn to Sicily

With Allied shipping reported massed in the Sicilian straits, all Italy awaited invasion.

Preparatory to the expected blow at the "underbelly of Europe," Allied airmen ranged over the Italian islands of Sardinia and Sicily, the Axis' remaining bastions in the Mediterranean following the fall of Pantelleria, Lampedusa, Lampedone and Linosa.

Airfields at Catania and Gorbini in Sicily were attacked. At Catania, enemy fighters rose in force to challenge the Allied assault.

Although Allied headquarters remained silent on their military movements in the Mediterranean, the Nazis reported that their airmen were engaging in running fights with large convoys off North Africa. The Axis also stated that the Allies had massed invasion barges at Bizerte.

Meanwhile, the Allies kept the Axis guessing about their next move. Strong aerial formations attacked Axis shipping in the Aegean sea, where the Nazis have fortified the islands leading to the Greek mainland.

SIMPLIFY GOODS: From Cradle to Grave

In an effort to increase production of necessary essentials, the government has ordered the simplification of more than 1,000 manufactured items. Elimination of frills and variety of sizes is expected to result in enough conservation of material to add to production.

The simplification order will affect Americans from the cradle-to-the-grave. Metal will be restricted in baby's cribs, and the length, width and depth of coffins will be limited. Cast iron kitchen utensils will be confined to 12 items, and 40 styles of enamelware have been eliminated.

Wood furniture will be reduced to 24 basic patterns. Whereas 1,600 types of tools formerly were made, only 357 now will be permitted. Production of electric bulbs will be cut from 3,500 types to 1,700. Feminine apparel will be simplified along with children's sportswear and rayon dresses.

AIR OFFENSIVE: Cities in Flames

Bremen's big Atlas shipyards were rocked by a dozen bomb hits as American airmen continued their joint attacks with the RAF over German industrial centers. Results of the U. S. raid on the submarine base of Kiel were unobserved, as swarms of Nazi fighter planes arose to the defense.

While the Americans hammered the Atlas works, strong British units, bolstered by huge four-engined bombers, ripped Dusseldorf and Bochum in the Ruhr.

Blockbusters caused heavy damage in both cities, sweeping fires adding to the havoc. Mass evacuations were reported, and the German radio asked people in other districts to make room for the refugees.

Size of the raiding fleets can be gleaned from the Nazi claim of having shot down 48 planes, 29 of which were supposed to be the four-engined machines. German aerial activity meanwhile was limited to a short, sharp sally over a London suburb, where bombs were dropped.

HIGHLIGHTS . . . in the week's news

SOFTWOOD: Softwood lumber will be made available for essential farm repairs. About half a billion board feet will be released by the War Production board.

TOBACCO: Possibility of a shortage of tobacco, caused by unrestricted buying for export, was voiced when government officials conferred with leaders of the industry recently.

FOREIGN AFFAIRS: World Cooperation

American participation in the establishment and maintenance of post-war peace was unanimously recommended by the house foreign affairs committee.

In a simple, 35-word resolution which it recommended to the house and senate for approval, the committee declared: ". . . Congress hereby express itself as favoring the creation of appropriate international machinery with power adequate to establish and to maintain a just and lasting peace, and as favoring participation by the United States therein."

Introduced by Representative J. W. Fulbright (Ark.), the resolution was passed after being stripped of the phrase calling for the organization of an international body to prevent future aggression, and to maintain law, order and lasting peace. Since this section touched on the highly controversial subject of an international police force, it was eliminated.

FOOD CZAR: Wanted by Congress

Shortly after a bi-partisan group of legislators conferred with President Roosevelt and suggested that he appoint a single czar to handle the food situation, the War Food administration prepared issuance of a report dealing with unfavorable crop and meat prospects.

Led by Senator Walter George, the five senators and four representatives urged that a single authority be delegated to co-ordinate production, distribution, preservation, rationing and pricing agricultural commodities.

It was reported the President suggested an appropriation from 1 1/2 to 2 billion dollars for subsidies to be used in "rolling back" the prices of foods. Many legislators oppose the subsidies, contending the money used only will have to be repaid in taxes.

In commenting on crop prospects, the War Food administration declared floods in the Midwest and dry weather over the great plains have caused considerable damage. Meat slaughter and dairy production have failed to approach expectations.

DRAFT:

Fathers Due for Call

"Fathers will be placed in uniform at least by the last quarter of this year."

With this statement the War Manpower commission, headed by Paul V. McNutt, announced the Selective Service board's new draft policy in informing employers to prepare for replacement of married men with children in industry after October 1.

In addressing 5,500 employers who have filed replacement lists with state draft directors, the WMC said that after July 1 the employers also should plan to release the childless married men within six months.

Although the WMC's remarks were directed to the 5,500 employers, it indicated that its new policy would be broadly applied throughout all industry. Speaking before a house appropriations subcommittee, Draft Director Hershey said 10,000,000 men will be in uniform by December 31. During the first six months of 1944, 115,000 men will be inducted monthly, Hershey declared.

SHIPPING: Shipping losses have been lower in June than in May, in which the smallest losses since Pearl Harbor were sustained, says the OWI.

ARMY: An army of about 2 1/2 million men will be maintained for some time after the war, according to statements to a house subcommittee.

RUSSIA: Action in the Center

Official announcements pertaining to the Russian front continued to be as confusing as the fighting.

While the Reds claimed to have thrown back German counterattacks in the Orel region, in the center of the line, the Nazis reported the continuation of the strong Russian offensive in the Caucasus.

In neither sector, however, did either side claim any major advance. In relation to renewed Russian activity in the center, the Nazis said the Reds were massing huge forces there, apparently to press the initial attacks of a week ago when big holes were punched in the German line.

Boostered by the addition of American planes arriving under lend-lease, Russian airmen continued swooping attacks over the German rear. Military installations and transport were bombed.

OIL:

Situation Worse

"We are rapidly passing from an exporting to an importing nation in oil."

With these words Petroleum Administrator Harold Ickes forecast an increasing shortage of crude oil. Such a shortage, Ickes said, would not develop because of a lack of natural resources but rather because of a scarcity of labor, transportation and other factors.

While stating that imports of oil would have to be increased from Venezuela, the Caribbean and Mexico, he declared that California will not be producing sufficient crude by the end of the year to take care of the Pacific war theater and her own needs.

Ickes also blasted the Office of Price Administration for its handling of the gasoline rationing, declaring the OPA was too lenient in its allotments. He said home owners could expect fuel oil rationing next winter.

CORN:

Plan Call on Loans

Aiming at loosening the tight situation in corn for processors

leaders, it was reported Commodity Credit corporation planned to call its loans on 57 million bushels of 1942 corn.

Under the proposal, farmers would be allowed 30 days to liquidate their loans. The call would not interfere with the agency's previous move to redeem 35 million bushels of corn on the 1938-41 crops, effective July 1.

Decision to call the 1942 loans was reported reached after the War Food administration, headed by Chester Davis, turned down proposals for requisitioning the corn. The WFA said requisitioning only would incense farmers and leave the government with the problem of shelling, grading and hauling the corn off the premises.

MEAT PRICES: Down 10%

Answering to President Roosevelt's "hold-the-line" order, retail prices of meat have been "rolled back" 10 per cent, a move that will save housewives on average of three cents per pound.

The "roll-back" will be accomplished by government payment of subsidies to meat slaughterers to cover their costs of livestock.

Although the action will reduce meat prices, consumers will be compelled to eat even less beef. The War Food administration announced that federally inspected slaughterers had been ordered to reserve 45 per cent of their steer and heifer production for the army.

Flat price ceilings on meat have been drawn by the OPA for four classes of stores, starting with the small independent doing less than \$50,000 worth of business a year, and ending with the large operator with an annual volume over \$250,000.

Ickes also blasted the Office of Price Administration for its handling of the gasoline rationing, declaring the OPA was too lenient in its allotments. He said home owners could expect fuel oil rationing next winter.

Shortly after, Kuehn worked out a system of signals to transmit intelligence of American fleet positions

to the Japs. According to testimony, the signals were developed through a window light in the dormer of Kuehn's home near Pearl Harbor.

Mrs. Kuehn played a prominent role in the intrigue, according to the FBI. In 1939, her daughter operated a beauty parlor, designed to attract "navy business," and in 1940 Mrs. Kuehn visited Japan, returning with geographical literature describing American and British islands in the Pacific. Kuehn, first sentenced to death, was later committed to 50 years at hard labor.

SUPREME COURT:

Bans Compulsory Salute

Reversing a previous decision by a 9 to 3 vote, the U. S. Supreme court ruled that the nation's public schools cannot require pupils to salute the flag.

Said the majority: "Compulsory unification of opinion achieves only the unanimity of the graveyard . . . No official . . . can prescribe what shall be orthodox in politics, religion, nationalism or other matters of opinion . . ."

Load Freight Cars

In 1942 railroads of the United States attained a new high record in the average number of tons per carload freight, the Association of American Railroads announced. The average for that year was 40.1 tons per car. This is the fourth consecutive year in which a new high record has been established. In 1941 the average was 38.2 tons and in 1940 it was 37.7 tons.

A True or False Quiz for Owners of ELECTRIC ROASTERS

STATEMENT—Meats should be kept in the refrigerator until ready to toast.

TRUE FALSE

The above statement is False. Meats should be taken out of the refrigerator 2 or 3 hours before roasting.

STATEMENT—Before roasting meat, the roaster should be pre-heated to maximum temperature.

TRUE FALSE

The above statement is True.

STATEMENT—Meat should be browned 30 to 45 minutes with vents open.

TRUE FALSE

The above statement is True. After browning, turn heat control to four temperature (as indicated in directions for roasting various meats).

STATEMENT—You should not add water to meat unless braising or stewing.

TRUE FALSE

The above statement is True.

STATEMENT—Vegetables should be cooked with plenty of water.

TRUE FALSE

The above statement is False. Vegetables should be cooked with a little water at a boil (1/4 to 1/2 cup hot water).

STATEMENT—The electric roaster is not suited to summer cooking.

TRUE FALSE

The above statement is False. Your electric roaster is especially suited for summer cooking. Thick insulation keeps the heat in the roaster and out of the kitchen.

STATEMENT—The electric roaster is ideal for canning fruits or acid vegetables.

TRUE FALSE

The above statement is True.

STATEMENT—Hot foods can be taken to outings in the roaster.

TRUE FALSE

The above statement is True.

Electricity has gone to war—don't waste it!

WANTED—Leghorn pullets, 5 mos. or older. Mrs. Dave Slipsma, Ill. 2, Lake Villa, Illinois. (46p)

WANTED TO RENT—Space in freezer locker. Tel. 327, Antioch. (46c)

Breeding Association
Plans Open House in July

The Northern Illinois Holstein Breeding association will hold an open house on Sunday, July 10, according to an announcement received from William McCredie, St. Charles, chairman of the committee in charge of arrangements.

Other members of the committee are: Elbert Ebsley of Gurnee, an Association director; Willbur Goeke of Dundee, manager of the Association and Farm Advisers Arthur Johnson of Kane county and John H. Brock of McHenry county.

Details of the program will be announced later but preliminary plans to date include an opportunity to inspect the bulls in service. Professor C. S. Rhode, extension dairyman of the College of Agriculture, University of Illinois, will discuss the breeding program of the Association.

Dairymen of Northeastern Illinois in greater numbers are appreciating the breeding opportunities offered by this program. At the present time technician E. C. Lunn and Mr. Goeke are inseminating more than 300 cows each month.

LEGAL

ADJUDICATION AND CLAIM DAY NOTICE

Where Will Money Come From?

People ask: "Where will the money come from?" to reach the thirteen-billion dollar objective of the Second War Loan. The answer is simple. The people HAVE the income.

When we produce munitions or peacetime goods, or anything else, we likewise produce income. For every dollar of production, there is a dollar of income.

The problem of war finance boils down to this—if individuals and businesses receive more income after taxes, than there are things produced for them to buy, then excess funds arise. The government deficit is matched by the combined surplus of everybody else. This surplus should be put into Government securities to wipe out that deficit.

They give their lives... You lend your money.

Youngest man ever to be president of the University of Illinois Board of Trustees is 36-year-old Park Livingston, graduate of the University in 1936, who worked his way through school. University trustees are elected for six year terms by vote of the people of the state. Livingston, elected in 1941, was named Board president last March. He is a Chicago businessman; lives at LaGrange.

University of Illinois
Newspaper Collection
One of World's Best

One of the world's important newspaper collections, and the greatest in the West, is located in the University of Illinois library. Here on row after row of shelves are 20,000 volumes of more than 700 different newspapers. Each volume is as large as a full newspaper page and is several inches thick.

The file of Illinois newspapers is the largest in existence anywhere, and that of foreign language papers printed in America is the largest in the nation. The Illinois paper file includes 7,636 volumes of papers from 100 countries. The foreign language section includes 3,661 volumes of 315 different publications.

Of the 225 Illinois newspapers for which complete files of the last 25 years or more are in this library, no similarly complete files of at least half are in any other library. Of some, not even the publisher has as complete a file as that at the University of Illinois.

The same ratio applies to all other securities the Government has offered investors in the Second War Loan campaign for 13 billion dollars.

42 Special War Courses
Offered at U. of Illinois

Forty-two special war-emergency courses are being taught at the University of Illinois. These are in addition to the University's regular offerings, a large part of which have war-time values which are being emphasized during the emergency.

Among the special courses are two to train women technicians for industrial metallurgical laboratories, and others to train students in airport design, structural design of airplanes, interpretation of maps, military athletics, "commando" swimming, world regional geography, camouflage, and economic problems of the war.

Public Health Engineering
Courses Started at U. of I.

Training in public health engineering to prepare men for a field in which the opportunities have greatly increased in the last five years is now being offered by the University of Illinois.

The new course is one of only a half-dozen in the nation, and the only one of its kind in the state. Employment in this field is primarily with the federal or state governments.

What Is Inflation?

You will answer, "No." But the fact remains that you do. For almost every wage-earner these days has an income, in checkbook or pocketbook, well above the cost of his living, taxes, insurance and debt repayments.

You never actually "bid" against anybody for a porterhouse steak, but when you take the spending of all average Americans as a group, it's a different story. So it is important that excess money be saved rather than used collectively to bid up prices. If it is spent instead of saved, prices soar... That's inflation.

Ideally, it should be invested in Government securities during the Second War Loan, "They give their lives... You lend your money."

Vegetables Best Unchanged
Most food value is obtained from vegetables when they are changed as little as possible before serving. Those which can be eaten raw will provide more vitamins and minerals that way than when cooked. Peeling removes food elements, and stripping the green leaves off head lettuce and cabbage wastes a considerable share of the vitamins.

Spray With Molasses
Grasses and alfalfa do not contain enough sugar to ferment properly and it is customary to spray the chopped material with a weak solution of cane molasses, as it is being blown into the silo. Good ensilage can also be made by mixing finely ground cereals with the chopped greens. If molasses is not obtainable,
